

# *John Good*

## ASSISTED LIVING

There are so many reasons seniors love living at Hamlet, and we'd like to introduce you to a few of the folks who've found their ideal home here.

### **John Good**

John Good always kept himself busy throughout his career in the software and banking industries, as well as by restoring cars, motorcycles and traveling the world by cruise ship with his wife. When he lost his wife and experienced a health setback, his priority was to find a place with a vibrant lifestyle along with assistance to make daily life a little easier. "Hamlet is the best solution in the world. You don't have to worry about cooking meals, taking your medications or anything like that. Plus, you get to enjoy the company of other people and do things together."

He very quickly made himself at home within assisted living at Hamlet by getting involved in activities every day and visiting with other residents. "We have everything from exercise to art classes to social hours to taking trips. All you need to do is open your door and join the fun."

John continues to keep up with his other interests and has even helped compile a book about a special car he restored. He feels confident that in moving to Hamlet, he made the right choice at the right time. "I know how hard it can be after the death of a spouse and Hamlet has made life much more enjoyable for me than it would have been otherwise."
